

src/MemoryReader.h

```
graph TD; A[src/MemoryReader.h] --> B[QBuffer]; A --> C[QIODevice];
```

The diagram illustrates a dependency relationship. At the top, a grey rectangular box with a black border contains the text 'src/MemoryReader.h'. Two blue arrows originate from the bottom edge of this box, pointing downwards and outwards to two separate white rectangular boxes with grey borders. The left box contains the text 'QBuffer' and the right box contains the text 'QIODevice'. This indicates that the 'src/MemoryReader.h' header file depends on or includes the 'QBuffer' and 'QIODevice' classes.

QBuffer

QIODevice
