    class QDialog
    class SelectGpgKeyDialog
    QDialog <|-- SelectGpgKeyDialog
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'QDialog'. Below it is a box labeled 'SelectGpgKeyDialog'. A blue arrow points from the 'SelectGpgKeyDialog' box up to the 'QDialog' box, indicating that 'SelectGpgKeyDialog' inherits from 'QDialog'.
